Meteorologist's View

A largely dry and settled day but feeling cold on the tops.

Forecast for Thursday 26 Nov 2020

Weather: High pressure brings dry and settled conditions. A cold, frosty start with fog in the valleys slow to clear. Otherwise dry and bright with sunny or clear spells. Patchy mist and fog returns in the evening with a touch of frost.

Maximum wind: Variable 5-10mph.

Chance of cloud free mountain/hill tops above 800m: 60% becoming 90% through the morning with patchy low cloud slowly lifting up the slopes and dispersing. Becoming 60% again through the evening.

Visibility: Poor at times early morning and late evening. Otherwise mainly very good visibility.

Temperature: **Valleys:** Minus 1C to Plus 1C rising to 8C, falling to 2C after dark.

At 800m: Minus 1C rising to 2C.

Freezing level: 800-900m. Frost in valleys early and late.
